

FINCHARM DIGITAL EDUCATION PLATFORM

Fincharm helps organizations of all sizes create engaging digital learning experiences for their communities and partners.

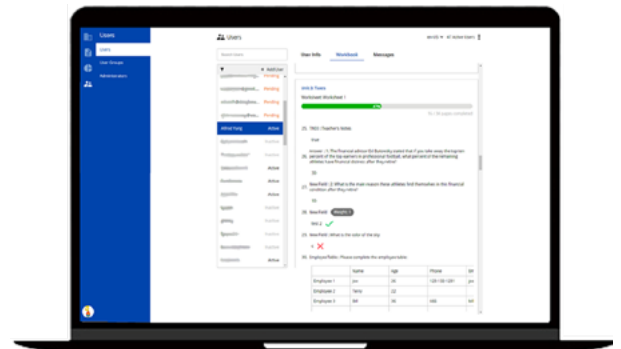

For learners, it's easy-to-use.

- Engage with multimedia content and global search
- Chat in student groups and message your educators
- Learn wherever and whenever with omni-channel delivery
- Learn in your language with multilingual support
- Download and upload files directly from your workbooks

For educators, it's easy-to-teach.

- Track learner progress and score in real-time
- Provide awards, certifications, and badging
- Message your individual learners and groups
- Customize lesson plans and learning paths rapidly
- Download and upload files directly in workbooks

For administrators, it's easy-to-plan.

- Adjust content and themes to align with organizational brand
- Quiz learners, create activities, give conditional feedback
- Build interactive tables and calculators
- Enable educator notes and answer keys
- Manage lessons, access learner data, and download reports
